

TUNNEL HOUSE & POLYTUNNEL KITS

Greenhouses & Growing Structures

#THK

Hortitech's Tunnel House Kits (THK) are a versatile and adaptable style of Greenhouse, ideally suited for domestic or small commercial operations. A Greenhouse creates a temperature-controlled environment, enabling a variety of crops and plants to be grown year-round. A variety of standard widths are available, and lengths beginning at 4.27m long, increasing in increments of 2.13m (7ft).

Standard Kit Includes

- Steel frame work, fasteners and instructions
- Greenhouse plastic to suit size of Tunnel House or Polytunnel
- Hortiweave roll-up door curtain

Add-ons Include

- Sliding door/s (dependent on width of THK)
- Hortitech Handyscreen Cover in 50% or 70% block-out allows for easy application and removal for temperature control
- Side-wall wind-up curtains are available (dependent on width of THK)
- Fixed or tilting vents (dependent on width of THK)
